YESTERDAY'S RACES.

A Horse Stolen—Methodist Dinner—County Home Labor—General Cleanings.

Yesterday was the second day of the big races at the Junction City Driving park. Early in the forenoon people began coming to the grounds, although the races did not begin until the afternoon. The day was cloudy a portion of the time, which made it more favorable for the races than the previous day. About fifteen hundred people were on the grounds during the day.

The first race on the programme was the special pace with Stone's Stonemason, Sedley's Hooper, Murphy's Molly M., Nigger Boy and Black Cloud. The favorite in the vicinity of the pool was Nigger Boy, who was Hooper, with Nigger Boy as second choice and Molly M. third, with the others in the field.

Judge Webb called the horses back at least four times before a start was made. Molly M. started out first, but was left behind before the half mile was reached by Nigger Boy, who was under the wire first. Molly M. second, Stonemason third and Hooper fourth. Time—2:28.

Nigger Boy won the two succeeding heats with Hooper second. Time—2:28 and 2:31.

The second race was a special trot with Warren's Minnie, Janes's Leok, Burt's Lady Pomp and Phil Sheridan entered. Five heats were run. Minnie won the first, Lady Pomp the second, Minnie the third, Lady Pomp the fourth and Minnie the fifth. Best time—2:38.

The last race of the day was a five-eighths of a mile running dash with Leuker's Fred, B. Choppie's Parthenon and Sutton's Ed Neely entered. Fred B. won, Parthenon second and Ed Neely third. Time—1:04.

The following is the programme for today:

The races for to-day are four in number. A mixed race, trot and pace, named race trotting and two quarter mile dashes. The entries are as follows: Mixed race—Black Tom, George L., Michigan Spy and Fie. Purse \$100.

Named race—Forest Wilkes, Commodore Goldie, Young Gypsy. Purse \$200.

Quarter of a mile dash running match race—Dobbin, Red Robin and Dolly Wood. Purse \$50.

Quarter of a mile dash—Dwarf Regent, Mettie S. and Jim Miller.

The horses entered are good ones, and the day's sport will be the last day.

A big business was done in the pool box. Lewis Hyams, of Salt Lake, manipulates the pool box.

A large number of ladies attended the races in the afternoon.

Kent's Military band was in attendance and rendered some very familiar tunes.

Business affairs necessitated Secretary Fell to leave the city yesterday. Colonel A. H. Hays was selected to act in his capacity while absent.

The official programme and score card is a miserably botched affair. Many of the names are wrong and taking the whole thing into consideration it is very poorly gotten up.

The stand erected for the use of the newspaper reporters in the amphitheatre is a miserable construction. It is one of the members of the association were compelled to sit behind it and make an effort to hear the decision of the judges, against the wind, as is sometimes necessary, perhaps that is the vernacular of the street they would take a tumble and place the reporters' headquarters on the opposite side of the street, where they belong.

A Horse Stolen.

A horse was stolen from the barn of John Phalen, on the corner of Madison and Sullivan avenues, night before last. The horse was a gray, branded LA. The deputy sheriff is out after the thief, and it is said has some clue to his whereabouts.

The Methodist Dinner.

The second and last day of the Methodist dinner, which was given in the Perry annex block, closed with success last evening. The ladies have worked hard to make the affair a success, and although they had to contend with many difficulties they have succeeded splendidly. Menus were served for 25 cents equal to and much better than what would cost considerably more in some places. The cooking and everything connected with the tables was prepared by the ladies themselves. The proceeds will go for the benefit of the Utah university. How much has been taken in could not be learned last evening.

The First District Court.

Judge Miner made disposal of the following business in the first district court:

Manhattan Trust company vs. Ogden and Hot Springs railway and Health Resort company, on motion of H. P. Henderson, order approving report of receiver, Fred W. La France, and referee in the cause.

Daniel Hamer vs. First National Bank of Ogden; trial; Kimball & Allison for plaintiff; Evans & Rogers for defendant; pending.

Mary Bergreen vs. Nicholas Bergreen; on motion of H. H. Jones, order by consent dismissing at plaintiff's costs.

George A. Boyd et al. vs. Central Pacific railway company et al.; on motion of J. B. Harton, order appointing W. L. P. Peyton guardian ad litem for certain minor defendants.

W. H. Wright & Sons vs. The Ketchum Furniture Co.; on motion of Maloney & Perkins, order for publication of summons.

K. J. Kiesel & Co. vs. Ogden City; verdict for plaintiff, \$3,784.48.

In this case the plaintiff brought suit to recover the amount named in the verdict. In the complaint the plaintiff alleged that the defendant constructed a drain commencing at the corner of Twenty-fifth street and Washington avenue, thence north on Washington avenue to Twenty-fourth street, thence west on Twenty-fourth street to Wall avenue, where it discharged into a large open ditch, and that the defendant has ever had charge of and full control thereof. That the plaintiff during all the time herein mentioned occupied a certain two-story brick building and cellar thereunder located on the line of said drain at Nos. 335 and 337 Twenty-fourth street, and said cellar was connected with said drain. That on February 10 and 16, 1891, the plaintiff had stored in said cellar a stock of merchandise of the value of \$16,500. That on the said dates the defendant negligently permitted the drain to become obstructed below and west of said building, thereby causing the water therein to back-flow into said cellar, flooding the same and soaking the goods therein in the sum of \$3,784.47. That the said back-flow flooding and damage would have been wholly avoided had the said drain been in proper condition. That thereafter the plaintiff made due proof of its claim before the council of the defendant, but it was disallowed and rejected.

The defendant in its answer denied a part of the allegations as being untrue. It denied that the drain had been kept in an improper condition on the part of the city.

The case was argued in court on last Tuesday and submitted to a jury at 2 o'clock of the afternoon of that day. The

jury was out all day and was unable to reach a verdict until 11 o'clock yesterday forenoon.

A Probate Order.

Only one order was made in probate yesterday. In the matter of the estate of Mattie Pines Davis an order was made that Mattie Rivers deliver to D. Thorburn, the administrator, certain jewelry.

Will Employ Home Men First.

Messrs. Hobson & Wilkinson, the contractors on the new sewers, which are to be put in at once, have received calls from sources outside of the city for labor. Mr. Wilkinson was heard to remark to an agent of a foreign employment bureau yesterday that he would employ what men he could obtain in Ogden first, and then if the demand is not supplied men from outside the city will be employed. It will take fully ninety days to get the sewers completed and will furnish employment for over one hundred men. Work will begin to-day or to-morrow in earnest.

General Cleanings.

Real estate transfers reached the sum of \$90,000 yesterday.

T. H. Muly, of Salt Lake, was in attendance at the races yesterday.

G. R. Propper has been down from La Parra days and returned yesterday morning.

Harvey Milner and wife, of Salt Lake, have been in the city for several days, the guests of friends.

A local division uniformed rank Knights of Pythias, held a meeting in the A. O. U. W. hall last evening.

Electric cars are now running on all the lines every fifteen minutes and to the depot every seven minutes.

County Superintendent of Schools Joseph S. Peery is busy these days visiting the schools of the county and ascertaining the needs of each.

There are undelivered messages at the Western Union telegraph office for the following parties: Antonio Reed, J. J. Agard and Wylander Brothers.

PROVO.

THURSDAY, OCTOBER 29

FIRST DISTRICT COURT.

Personal, Social, Musical and Professional Items of Interest.

The following should have appeared yesterday:

The jury in the case of the People vs. Dean, charged with assault with intent to commit murder at Payson, returned a verdict of guilty as charged and the defendant was sentenced to two years in the penitentiary.

Thomas Stevenson, of Ephraim, pleaded guilty to battery and was given two months in the Sanpete county jail.

Lon Smith was wound over to await the action of the grand jury for adultery.

Capitalists from Boston visited Provo today, and after investigating the State Prison, decided to bond one of the inmates for \$10,000 for four months. The names of the parties could not be had at this writing.

John T. Payne, of Provo, was made a citizen.

S. C. Jensen, formerly of Denmark, but now of Levan, Utah, was also admitted to citizenship.

William Bench was arraigned and pleaded guilty to the charge of adultery. Case set for trial November 24.

The Eureka gambler's case was discussed by Attorneys Zane and Sutherland, the question being whether or not a game of faro was a continuous offense running from day to day.

The defense held a continuous offense, except where specific acts were named. The prosecution took the position that each separate game is criminal and can be segregated.

The judge stated that it was a cheap license to run a faro game for eight months and then be assessed a fine of \$50.

The cases will be heard at a later date.

The case of the United States vs. Joseph Page and others, was tried. This case is the first on the civil calendar. Mr. Page, a former postmaster at Mount Pleasant, is sued upon his bonds for missing fraudulent returns at the office in his charge in the year 1879. The witnesses in the case will be examined this afternoon.

OTHER MATTERS.

Work is temporarily suspended on the Central building on account of a lack of joint and alter material.

Elmer Taylor, a prominent merchant of both Salt Lake and Provo, is a visitor in our city.

William T. Colton and James Chute, who are interested in the Pleasant Valley Coal company, passed through Provo yesterday on their way to Pleasant Valley Junction.

Gilmore's concert, with its vast array of vocal and instrumental talent will be in Provo November 4th. This will be the first visit of this combination in our city, and it is expected that there will be an immense turnout to witness the entertainment. A large chorus is in constant practice for the event under the direction of the Prof. Giles.

James Jackson and W. K. Reid, Sanpete attorneys, are in Provo. They are associated in the Page case.

A vocal teacher, J. W. Hill, who hails from California, is making an effort to secure a class in voice culture. He is reported to be well up in the art.

Lon Smith has secured bondsmen, and will enjoy his freedom until his case is brought before the next grand jury.

A ball is being arranged for Friday night, which will undoubtedly be a pleasant affair. The committee on invitation are Robert Irvine, George Haverkamp, Don R. Coray and F. P. Reed. The four managers are J. W. Deal and H. E. Edwards.

Since there is considerable talk of a leeching plant going in at Lehi, there are many who are asking what the Provo chamber of commerce is doing. As a matter of fact there is very little heard of this honorable body of late.

A FAVORITE REMEDY.

Chamberlain's Cough Remedy is a favorite during the winter months on account of its great success in the cure of colds. There is nothing that will loosen a severe cold so quickly, or as promptly remove the mucus. Then it counteracts any tendency toward pneumonia. It is pleasant and safe to take, and fully worthy of its popularity. For sale by Z. C. M. I. Drug Department.

A very interesting discussion was held on Tuesday evening last, at the P. O. S. of A. hall, the subject being "Silver." Mr. Short, affirmative, walked off with the honors, while Prof. Deunis to a defeat gracefully on the negative side.

United States Marshal Parsons came up yesterday to take in the different mines, accompanied by the following party: Mr. J. T. Stuttsman, Mr. Gray and Mrs. Cleveland and daughter. They returned last evening highly delighted with their visit.

If a few of the people investing in Park really, for the purpose of building a home, would but emulate the example of Shields Brothers, it would be much to be for the Park.
